LOD95/98

Leather Combined with Function

Beautiful appearance with ergonomics in mind. Soft and supple leather with aluminum accents throughout the design. The combination of complete ergonomic functionality and adjustability, and the intrinsic beauty and style of leather, elevates this chair to new heights.

OUTSIDE FOOTPRINT DIMENSIONS
LOD98 W25*D27*H50.5
LOD95 W25*D27*H43.5

Actual Dimensions Can Vary Slightly

Structural Lumbar Support

Lower, well defined lumbar support positions the back for proper posture.

Chair Back Design

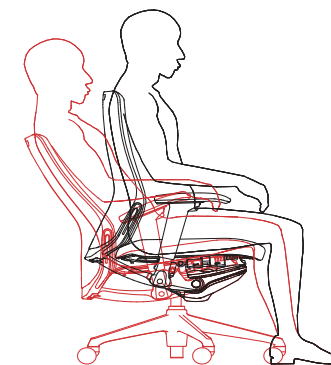

The back design provides lower back support with a relaxed and comfortable upper contour.

Smooth Up and Down Height Adjustment

Class 4, high quality pneumatic lift adjusts to the individual's preferred seat height.

Synchronized Movement

The seat and back recline is synchronized, with tension adjustment, providing a smooth, comfortable ride.
